SECTION-IV – READING

MY FAVORITE PLACE

I'm Ginny. I live in a big city, but my favourite place is a small town two hours from my house. It's called Aubrey and my grandparents live there. I visit them about once a month and we do lots of things together. For example, there are two nice parks in the town. One is next to the river and the other is behind the shopping centre. We often walk there in the afternoons. My grandmother likes to cook, but my grandfather enjoys restaurants. There is a great Italian restaurant in Aubrey – we usually go there on Friday evenings. My grandfather also likes Japanese food. There aren't any Japanese restaurants in the town, but there are in my city! It's easy to live in Aubrey because there are many good places in the town. There is a big supermarket, two shopping centres, a post office and a bank. There aren't any swimming pools, but that's okay because you can swim in the river!

I. Read the text, and if the statements are True (T), False (F), or If there is no information, write Not Given (NG). (5 × 2 = 10 points)

At first it was difficult because I didn't type well, but now I can type very fast! I really like my job because it's interesting. I have a big desk next to a window. It's a nice view. I listen to music on my headphones, work and look at the city. I also work with lots of friendly people. There are ten people in our office and my manager always gets coffee for us on Friday mornings. Sometimes we have lunch together, too. Last Wednesday, we went to an Italian restaurant and ate pizza. We had a great time. It's nice to spend time with my colleagues outside the office. I don't want to change my job at the moment.
